

International Space Apps Challenge ^[1]

Event Type:

- [Competitions](#) ^[2]

Event Details

Event Date:

Friday, April 10, 2015 - 10:00 to Sunday, April 12, 2015 - 19:00

Location:

Protik ICT Resource Center

Main Organizer:

Protik

International Space Apps Challenge is officially here!

Starting from 10 - 12 April 2015, Protik will organize for the first time in Albania the biggest

hackathon originated by NASA.

The International Space Apps Challenge is a competition, where teams of technologists, scientists, designers, artists, educators, entrepreneurs, developers and students across the globe collaborate and engage with publicly available data to design innovative solutions for global challenges.

This event will be organized in more than 130 cities around the globe at the same time!

Stay tuned to learn more about the challenges presented by NASA on the following link: <https://2015.spaceappschallenge.org/> [3]

If you are talented in design, data visualization, robotics, hardware, software DO NOT miss the opportunity to join this contest! Your project might go to SPACE!

Join the contest by registering here: <https://2015.spaceappschallenge.org/register/> [4]

All the applicants will gather at Protik facilities and work in teams to develop inventive solutions to the challenges proposed by NASA. The most inventive solutions will be nominated for global recognition.

For more detailed information please contact us at info@protik.org [5]
